

Reggio Summer Book Club

Summer According to Humphrey
by Betty G. Birney (2010)

Dear Families:

This summer our school will be embarking on a special project, an all-school book club called **One School, One Book™**. Every family with a student in grades 2-5 will receive a copy of the same book – Betty G. Birney's *Summer According to Humphrey* – and will be asked to read it together at home over the summer. We are personally asking you to make the time so that your family can participate in this special activity.

Reading aloud at home is valuable because it better prepares your child to be an effective reader, and it is also a fun, worthwhile family activity. With the **One School, One Book™** program, we aim to build a Community of Readers at our school. Everyone – students, parents, teachers, even administrative staff will all be following along together.

Your child will receive a copy of *Summer According to Humphrey* at a special grade-wide assembly introducing the program and the book. Along with the book, you will receive a suggested reading schedule so that you can keep up at home. Generally, you will be asked to read about 15 minutes each night.

Your child will be invited to post selfies of themselves with "Flat" Humphrey and write about their adventures on See Saw as well as answer trivia questions. You will soon find that your child will take pride in knowing and anticipating the details of the story. Our goal is that throughout the summer, everyone will be talking about *Summer According to Humphrey*!

One School, One Book™ is a novel program in that children of all grade levels will all be listening to their parents read same book. Reading professionals recommend reading material out loud that is beyond a child's own reading level. We also believe that you can and should continue reading chapter books with your older children, even when they are able to read by themselves. We have selected a title that can be followed and understood and enjoyed by younger students, but will still captivate and stimulate older children.

We know that you'll enjoy this special reading time with your children. We hope to talk with both you and your student about the adventures of Humphrey and Og and the new friends they make at Camp Happy Hollow. In the fall, we will be creating a bulletin board with all the pictures that students post of their summer adventures with Humphrey as well as a map of all the places he has visited.

"When a whole school reads a book, there's a lot to talk about." With your help, we can build a Community of Readers at our school.
